Dear Doctor,

Primary care has become the focal point for diabetes management, with primary care doctors delivering clinical care to ~90% of individuals with type 2 diabetes mellitus (T2DM), and this proportion likely to increase over time. The challenge is that diabetes management has become increasingly complex as a result of multiple medication categories (including combination agents), the need to avoid hyper- and hypoglycemia, myriad medical devices for managing diabetes, the need to facilitate patients' lifestyle changes, and other issues. What core T2DM knowledge and skills do primary care doctors need to know in order to achieve optimum patient outcomes?

In this webinar marking World Diabetes Day (14 November), esteemed diabetes-treating clinicians will provide the absolute "Need to Knows" in screening, diagnosing, and treating T2DM in the Asian primary care setting, and highlight the imperative of delivering integrated, collaborative care to our patients living with diabetes.

This webinar is brought to you by the Diabetologists & Endocrinologists Alliance, the Malaysian Endocrine & Metabolic Society, the Philippine College of Endocrinology Diabetes and Metabolism, and MIMS Education.

## FACULTY

**Dr Jeremy F. Robles**

Clinical Associate Professor  
Cebu Institute of Medicine  
Cebu City, Philippines  
Past President, Philippine  
College of Endocrinology  
Diabetes and Metabolism  
*Co-chair*

**Dr Ka Kui Lee**

Specialist in  
Endocrinology, Diabetes  
and Metabolism  
Hong Kong SAR  
President, Diabetologists  
and Endocrinologists Alliance  
*Co-chair*

**Dr Nurain Mohd Noor**

Consultant  
Endocrinologist Hospital Putrajaya  
Putrajaya, Malaysia  
President, Malaysian Endocrine  
& Metabolic Society  
*Speaker*

**Dr Nemencio A. Nicodemus Jr.**

Professor and Internal  
Medicine Consultant University  
of the Philippines–College  
of Medicine and Philippine  
General Hospital,  
Manila, Philippines Regent  
& Treasurer, Philippine College  
of Physicians  
*Speaker*

**Dr Cheuk-Lik Wong**

Specialist in Endocrinology,  
Diabetes and Metabolism Hong  
Kong SAR Council Member,  
Diabetologists and  
Endocrinologists Alliance  
*Panelist*

**Professor Norlaila Mustafa**

Senior Consultant Physician and  
Endocrinologist Universiti  
Kebangsaan Malaysia Medical  
Centre Kuala Lumpur, Malaysia  
Council Member, Malaysian  
Endocrine & Metabolic Society  
*Panelist*

## FACULTY
